## 1. Overview of Operating Results and Financial Position

(1) Operating Results for the First Quarter of the Fiscal Year Ending March 31, 2023

For the three months ended June 30, 2022 (April 1, 2022 to June 30, 2022), operating results were as follows.

|   |                                     |                                     |         | Millions of yen          |

| Operating profit                        | 12,421                              | 18,794                              | (6,372) | (33.9)                   |
| Core operating profit *                 | 12,662                              | 19,384                              | (6,721) | (34.7)                   |
| Profit before tax                       | 40,310                              | 22,941                              | 17,369  | 75.7                     |
| Profit attributable to owners of parent | 34,722                              | 32,238                              | 2,483   | 7.7                      |

\* The Company has established "core operating profit" as a profit indicator to present ordinary profitability. This has been adopted as the Company's proprietary earnings management indicator. Core operating profit is an adjusted profit in which non-recurring items (impairment, gain on sales of property, plant, and equipment, etc.) are deducted from operating profit.

Revenue increased 4.2. percent year on year. In domestic sales of prescription drugs, revenue for Intuniv expanded, but revenue for Cymbalta decreased due to the market entry of a generic version, resulting in a 19.0 percent decrease in revenue. In overseas subsidiary sales and exports, cefiderocol (U.S. brand name: Fetroja, European brand name: Fetroja), which has shown effectiveness against multidrug-resistant Gram-negative bacteria, performed well in the United States and Europe; however, revenue from overseas subsidiary sales and exports decreased 5.3. percent, reflecting the absence of a one-time payment Shionogi group received in the first quarter of the previous fiscal year in connection with the transfer of marketing rights for FORTAMET in the United States. Royalty income increased 29.7 percent due to growth in sales of the HIV franchise out-licensed to ViiV, centered on Dovato, Cabenuva and other products as well as the impact of exchange rates.

Research and development expenses increased because of investment in key projects and priority issues such as potential treatments and vaccines for COVID-19. As a result, operating profit decreased 33.9 percent year on year. Core operating profit decreased 34.7 percent, basically in line with the decrease in operating profit, as a result of adjustment of non-recurring items. Profit before tax increased 75.7 percent due to an increase in dividends because Shionogi group received dividends from ViiV in the current fiscal year that were originally scheduled to be received in the fourth quarter of fiscal 2021, and because ViiV received a one-time payment in connection with the settlement of litigation with Gilead Sciences, Inc. Profit attributable to owners of parent increased only 7.7 percent year on year, reflecting the refund received in the first quarter of fiscal 2021 in connection with a favorable judgement of the complaint for the rescission of tax reassessment by the Osaka Regional Taxation Bureau.

(2) Financial Position for the First Quarter of the Fiscal Year Ending March 31, 2023

As of June 30, 2022, total assets were ¥1,200,957 million, an increase of ¥50,355 million from the end of the previous fiscal year.

Non-current assets were ¥517,035 million, an increase of ¥25,639 million from the end of the previous fiscal year, due to increases in in-process R&D assets (included in "Intangible assets") and financial assets measured at fair value (included in "Other financial assets") through other comprehensive income. Current assets were ¥683,921 million, an increase of ¥24,716 million, due to an increase in inventories and receivables (included in "Other financial assets").

Equity was ¥1,036,516 million, an increase of ¥43,230 million from the end of the previous fiscal year. This was due to recording of profit, payment of cash dividends, an increase in exchange differences on translation of foreign operations (included in "Other components of equity"), and an increase in non-controlling interests resulting from a third-party allotment at a subsidiary.

Liabilities totaled ¥164,441 million, an increase of ¥7,124 million from the end of the previous fiscal year.

Non-current liabilities were ¥34,604 million, an increase of ¥1,684 million from the end of the previous fiscal year. Current liabilities were ¥129,836 million, an increase of ¥5,440 million from the end of the previous fiscal year.

### (3) Cash Flows for the First Quarter of the Fiscal Year Ending March 31, 2023

Net cash provided by operating activities during the first quarter of the fiscal year ending March 31, 2023 was ¥38,249 million, an increase of ¥17,982 million year on year. Factors included profit before tax and collection of trade receivables.

Net cash used in investing activities was ¥82,474 million, an increase of ¥9,061 million year on year. Factors included increases and decreases of time deposits and purchase of intangible assets.

Net cash used in financing activities was ¥14,221 million, a decrease of ¥3,236 million year on year, mainly because an increase in cash dividends paid was offset by a capital increase through third-party allotment at a subsidiary in the first quarter.

As a result, cash and cash equivalents at the end of the first quarter totaled ¥204,629 million, a decrease of ¥49,791 million from the end of the previous fiscal year.

#### (4) Outlook

There are no revisions to the consolidated financial forecast announced on May 11, 2022. Shionogi group will promptly announce any revision to the consolidated financial forecast resulting.

## (5) Notes Going concern assumption

None

### Segment information

Shionogi group has a single business segment related to prescription drugs. The group operates research, development, purchase, manufacturing, and distributing prescription drugs and related businesses. While analysis of each product sales and profits or expenses of each subsidiary are made, decision of business strategy and allocation of the management resources, especially allocation of R&D expenses, are made on a company-wide basis. Therefore disclosure of segment information is omitted.

Supplemental material for financial results for the 1st quarter of fiscal year 2022 August 1, 2022 Shionogi & Co., Ltd.
