

## Regarding Support for Earthquake Relief Efforts in Eastern Taiwan

---

We extend our deepest condolences to those who lost their lives in the earthquake off the east coast of Taiwan on April 3, 2024. Our thoughts and sympathies are also with all those affected by this disaster.

In an effort to support relief activities and contribute to the recovery of those impacted, our group company, Taiwan Shionogi Co., Ltd., has committed to making a donation of 1 million Taiwan Dollars to the "Taiwan Foundation for Disaster Relief" a public disaster relief organization under the Ministry of Health and Welfare, as a gesture of solidarity. This decision reflects our deep commitment to aiding in the rehabilitation of the affected areas and communities.

We sincerely hope that those affected by the disaster can return to their normal lives as soon as possible.
